

**Sigma
Theta
Mu**

**The Systems
Honor Society**

Sigma Theta Mu, the Systems Honor Society:

- Was founded at the 25th Anniversary International Symposium of the International Council on Systems Engineering in July 2015
- Acknowledges the maturation of systems engineering and related fields
- Recognizes high scholastic, scientific, and professional attainment in the study and practice of systems, systems-related engineering, or systems engineering
- Is for undergraduates, graduates, and alumni

Universities that establish chapters during our launch will be considered "Founding Chapters."
